EXECUTIVE TEAM BIOS

WILLIAM R. EVANS

Partner

Bill Evans has a rich history in the real estate sector, with experience managing multi-million dollar projects on both sides of the border. Prior to co-founding Epton Capital Partners in 1995, Bill held senior executive roles at both Bramalea Inc. (1991-1995) and Campeau Corporation (1984-1991), managing transactions in excess of \$3 billion.

Bill holds a Master of Science in Real Estate from MIT, and an Honours Business Administration degree from the University of Western Ontario.

MICHAEL K. BUNSTON

Partner

With strong family ties to real estate, a career in that area was always a given for Michael Bunston. Having started a real estate firm in 1922, Michael's grandfather, and eventually his father too, were able to pass along their in-depth knowledge of the business, but more importantly the lesson that integrity is key to any business relationship.

Michael began his career with Royal LePage Commercial (1983-1985), before moving over to help run his family's real estate business, Bunston Private Equity Inc. (1985-1995) where he led over 50 transactions. In 1995, Michael co-founded Epton Capital Partners with Bill Evans.

Michael holds a Bachelor of Arts degree in Economics from the University of Western Ontario.

D'ARCY MCGEE

President

D'Arcy McGee has extensive experience in real estate investment, asset management and sourcing capital, in Canada and internationally. Before joining Epton Capital Partners as President in October 2011, he was a Founding Principal of MP Associates of Toronto, a real estate investment and asset management company. Previously, D'Arcy was Vice President, Global Principal Investment of Oxford Properties (2007-2009), where he sourced and directed international investments. He has also held senior positions outside Canada – in San Francisco and Los Angeles with JMA Ventures LLC (2001-2007), a private equity real estate investment and asset management company, and in Santiago, Chile, with Colliers International (1996-1999).

D'Arcy holds a Master of Science degree in real estate from the Massachusetts Institute of Technology and an Honours B.A. from Queen's University.
